#### Dear friends:

As many of you know, crafters have a secret. Are you ready for this? Stamping is a stress-reliever and it's great therapy. (Some of you are saying, "Shelli, everyone knows that!") Well okay, then . . . it's an open secret!

Like me, you may have also discovered that when you invite friends over and share your love of papercrafting, you're creating an opportunity for people to connect with one another, even if you're just sitting around the kitchen table. And that's a big deal! Stamping can bring friendships and conversations into our lives that might not have happened otherwise.

So I hope—after looking through the products in this catalog and thinking of the possibilities—you'll invite some friends over for a stamping get-together. Make something fun and visit with one another. After all, that's what Stampin' Up!® is all about—creativity, relationships, and sharing. And I, for one, am truly grateful!

Enjoy!
